

## Catering Menu

### From the "Q"

Whether it be from our Santa Maria Grill or our smoker, we offer truly succulently tender BBQ. Care, time, and effort are as important as spice, and we strive to bring you a spectacular product. And we will bring the grill to wherever your event or party is taking place! We like to think of smoke as another spice and not as a style of cooking. We make our own bacon from scratch and like to use it as a flavor enhancer in our recipes when applicable. One way is in our house-made BBQ sauce, where bacon is the base. This savory, slightly spicy, slightly sweet sauce is the result of 30 years building. Shady Grove Foods proudly serves Certified Angus Beef, Beelers Heritage Duroc and Berkshire Pork, and cage-free chicken.
